

# Maximiliano Coletti

## PROFESSIONAL SUMMARY

Frontend Developer passionate about creating engaging and functional digital experiences. I am motivated by working on challenging projects, providing innovative solutions, and learning from dynamic teams. I am seeking my first opportunity in the tech industry to apply my knowledge and contribute to impactful projects.

## EDUCATION

- Bachelor's degree in Multimedia Technology - Maimonides University (Mar 2020 - Nov 2024) Buenos aires
- Frontend developer Certification - Digital house (Jun 2024- Jun 2025) (Online)

## PERSONAL PROJECTS

### SOCIAL NETWORK (X) - 2024-11 / 2024-12

<https://github.com/MaxiCo1/Social-Network>

- Academic project where I created a social network similar to Twitter/X.
- I learned how to make API calls using GET and POST methods, enabling features such as user login, registration, posting messages, replies, and logout.
- I implemented temporary cookies to securely and efficiently manage user sessions.

### BUENSAI - 2022-09 / 2022-11

<http://buensai-vert.vercel.app/>

- Group project focused on creating an e-commerce platform for bonsai sales.
- We developed four pages: Home, About Us, Cart, and Products, allowing users to explore bonsais, filter by preferences, select quantities, make purchases, and manage their cart.
- We used React and Next.js, integrating Firebase as the database and leveraging context for efficient data access.
